

Iron City Fishing Club

Iron City Fishing Club (ICFC) has maintained its current location on Georgian Bay near Woods Bay since 1901. The campgrounds include a Dining Hall, Lodge, staff accommodations, boathouses and outbuildings, and more than 50 member cabins connected by a boardwalk.

Iron City is a family camp. Some members are descendants of the Club's earliest "campers" whose families have returned annually for multiple generations. It is common for member families and friends to return to ICFC at the same time each summer for reunions and summer vacations. Fishing remains a popular pastime for members of all ages. Other popular activities include swimming, kayaking, tennis, sailing, waterskiing, boating, nature hikes, evening games, and other activities.

What can I expect on a typical day?

While every day is different on the bay, work tends to vary by whether Camp is in Season (June – August) or out-of-Season (April - June & September – October).

In Season: Breakfast, Lunch & Dinner are served in the dining hall for staff and campers. Workdays could consist of deploying boats, collecting garbage, repairing docks and groundskeeping. Housekeeping team could turnover cottages and clean camp facilities.

Out-of-Season: Days consist of opening and cleaning cottages & camp buildings for Housekeeping and cleaning grounds, repairing winter wear & tear, turning on/off camp water system for Maintenance team.
